Art Festival Will Feature Many Talents

The ninth annual May festival of the arts will be held this year on May 17, 18, 19 at Redondo High School auditorium. This yearly event is held under the auspices of the Civic Symphony under the direction of Elyse Aehle, the symphony's conductor.

The festival will open with a display of a group of oils, water colors and pastels by the Artists' Guild May 17, 18, and 19. They will also sponsor a group of realistic pictures by children from 7 to 13 years of age. A jury of five members will select pictures to be shown by the group. Dale Kingsley Ash, well-known local artist and art instructor, was chosen to be first president of the Guild. Fourteen artists are exhibiting and the chairmen of the children's art division will be Dale Kingsley Ash, Anna Marie Richards and Virginia Morgan.

High-point of the festival will be the Saturday evening program, when the orchestra of over 60 musicians from this area and Los Angeles will play the well-loved music of the ballet, and over 180 dancers from five leading dance studios will perform. Closing the festival on Sunday afternoon will be the Choir Festival with several hundred voices on stage. General admission is free, and reserved seats may be obtained by sending a self-addressed and stamped envelope with a check to Mrs. A. M. Headley, 206 Ave. H, Redondo Beach.

RECORD HOP SCHEDULED FOR FRIDAY

On Friday, May 10, the fourth in a series of record hops for those who are in the 7th grade and up will be held in the Civic Auditorium from 7:30-10:00 p.m. Sponsored by the Torrance Recreation department there is a small charge per person, which covers the cost of admission, refreshments, and door prizes. Recreation Department Staff will be present at all times. For further information contact the Torrance Recreation department.

Research Center Plans to be Aired Tuesday

Plans for a new industrial and electronics research center for Torrance will be announced by Theodore Coleman, President of Coleman Engineering at the Chamber of Commerce Monthly Membership Breakfast Tuesday, May 14 at the YWCA Building, it was announced today by Chairman J. H. Paget. The new "blue-chip" center will be one of the most beautiful and modern of its type. Planning Director George Powell has stated: It is being constructed by Quinton Engineers. Paget urged that interested parties call the Chamber office for reservations.
